

## COUNCIL ASK FOR ATTORNEY'S OPINION

WANT SOME ACTION TAKEN ON  
WEST MAIN STREET.

No Other Business Was Transacted  
and Report Is Expected at  
Next Meeting.

From Thursday's Daily Sun:

At an adjourned meeting of the City Council on Tuesday evening the City Attorney was instructed to furnish that body with an opinion in reference to the West Main street paving matter.

Although this street was ordered paved with vitrified brick over a year since, no move has been made in that direction, neither have the railway people paid any attention to the demands that they lower the grade of the railway to conform with the street, and the council now want to know if they have any power to act in the matter before taking it up in the courts.

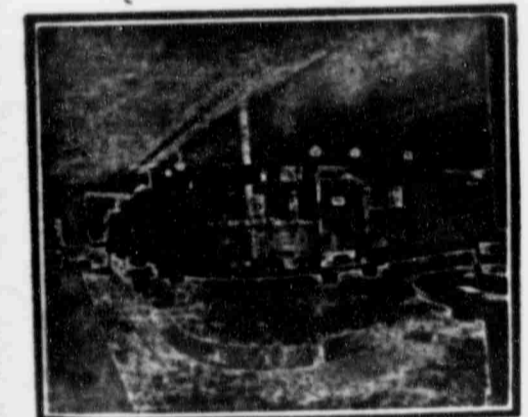

For a number of years West Main street was one of the best and most attractive in Gainesville, but now it is one of the worst, if not really the worst, and instead of the company placing their grade even with the street, they have the same three feet and under above the street in the lower portion of the city and it is a disgrace that it be allowed to run on in the same manner as in the past.

The resolution was introduced by Alderman Phifer, and the City Attorney will probably render his decision at the next regular meeting.

At one time it was understood that the railway people were ready and willing to comply with the demands of the council, but that has apparently all blown away, and the council will now find out where they are at and see if something cannot be done.

### WINDSOR ITEMS.

WINDSOR, Aug. 26.—The farmers in the near vicinity of Windsor have ceased making complaint of dry weather for some time past.

Cotton is opening rapidly, but will be a short crop on account of too little rain.

A. A. Williamson and Tom Morrison have been hunting alligators in Nechan's lake. They got twenty-three fine skins in three nights' hunting.

Mr. and Mrs. J. A. Rosborough are spending some time with friends in South Carolina and Georgia.

The other day George Ray, a colored boy in the employ of E. D. Phifer, killed a small rattlesnake. He then saw another and killed it; then he saw a third run down a hole, so he went to the house and informed Mr. Phifer he had found a hole full of snakes. Mr. Phifer took his shovel and accompanied the boy to the field and dug out the hole, with the result they killed fourteen more rattlesnakes.

Mrs. D. M. Phifer has gone to see her daughter-in-law, Mrs. Marvin Phifer, who is quite ill.

Mr. Latimer, who holds a position with the East Coast Railroad Company, was here last week on a short visit to his family.

Dalton and Fritz Rosborough are making preparations to go to Augusta, Ga., next Tuesday, where they will attend school this coming session.

H. Spiva of this place has twenty-four acres of the finest pasture ever seen here. Mr. Spiva raised the best corn seen in this section in years, and now has a field full of velvet beans and pinders. The beans in places are three and four feet deep on the ground.

### MRS. HELEN GOULD IS GIVEN ABSOLUTE DIVORCE.

NEW YORK, Aug. 26.—Mrs. Helen Kelley Gould obtained her final decree of divorce from Frank J. Gould yesterday.

The interlocutory decree was signed on May 29 of this year.

The decree gives the custody of the two children, Helen and Dorothy, to each parent for six months to each year.

Mr. Gould is not permitted to remarry in this State until after the death of his wife. The papers do not mention alimony.

### FIVE DEAD FROM PELLAGRA.

MONTGOMERY, Ala., Aug. 27.—With five deaths from pellagra in Butler county, three others dying and three cases under observation, there is almost a panic in that section. The State health department has been importuned to send help, but cannot, as Dr. Mason, the only expert of this kind in the service of the State, is investigating in Clark county, where more than 100 cases are reported. Nothing can be done either to suppress or control it.

County health officers have been instructed to isolate all cases and watch them to determine whether they are infectious.

It has been definitely established that a medium-sized hog can be produced for the market in Florida at about half the actual cost it requires in the great hog belt of the West. That means double the profit to be obtained in Illinois, Iowa and other meat States.—Levy Times-Democrat.

## S. E. Cobb Resigns as Secretary Railroad Commission

TALLAHASSEE, Fla., Aug. 26.—Mr. S. E. Cobb, who was appointed Secretary to the Railroad Commissioners here last of January last to succeed Hon. R. C. Dunn, who at that time succeeded Hon. John L. Morgan as Railroad Commissioner, has tendered his resignation to the Commission in the following letter:

"I beg to hand you herewith my resignation as Secretary of your honorable board. I am not taking this step without due consideration. I have tried to arrange my Jacksonville business so I could look after it and at the same time give the Commission good service. This I find it is impossible to do, and while my position as secretary is more remunerative at present, I feel that my best interests lay in Jacksonville.

"It is with sincere regret that I leave you gentlemen, all of whom I have learned to regard as close personal friends. I would like to be relieved on September 5th, but I desire to handicap you as little as possible, and if necessary can stay some longer. I hope you will not hesitate to say so if I can be of special service by staying longer.

"Thanking you all for your uniform

kindness and consideration, I remain," etc.

Mr. Cobb's resignation has been accepted by the commission, who have appointed to succeed him Mr. J. Will Yon of Jackson county. Mr. Yon was born in 1880 in Calhoun county but afterwards moved to Jackson county, where he grew up, working on a farm and attending the public schools. When he was 18 years of age he left the farm and spent a part of one term in the Jackson County High School, entered the Florida State Normal at DeFuniak Springs in 1901, graduating in 1904, teaching between terms from 1900 to 1905 in Calhoun, Jackson, Santa Rosa and Escambia counties. He began the study of medicine and entered the University of Nashville in 1906, which he had to give up after a short time on account of bad health, since which time he has been actively engaged in the life insurance business.

Mr. Yon is a young man of the highest integrity, is active, energetic and attentive, and his friends predict that he will make good.
